

FAQ - Pharmacist

Q. Adriblastin (doxorubicin) HL/RD is not indicated for HCC usage! Is this off label use?

A. No this is not off-label use. DC Bead is CE Mark approved.

DC Beads are intended to be loaded with doxorubicin for the purpose of:

- **Embolisation of vessels supplying malignant hypervascularised tumour(s).**
- **Delivery of a local, controlled, sustained dose of doxorubicin to the tumour(s).**
